

Trout Unlimited Illegal Substance Policy

Adopted by the Trout Unlimited Board of Trustees Feb. 9, 2018

The sale and use of marijuana is illegal under federal laws. As a condition of receiving federal grants, TU certifies that it is in compliance with all federal laws. Therefore, Trout Unlimited, its chapters, and its councils shall not knowingly accept contributions from known marijuana industry members or which otherwise originate from any source or activity prohibited by law.

For the same reason, Trout Unlimited, its chapters, and its councils shall not allow the use of marijuana or other illegal substances at any of their events even in states where the sale or use of marijuana is legal under state law.
