Suicide Awareness

Veteran suicide is a serious problem. VSP volunteers working with veterans often develop very close relationships and should have some basic suicide awareness training. The S.A.V.E Suicide Awareness course included in the previous Psych Armor course list is an excellent suicide awareness training resource.

The following link will take you to the Google Play App Store and a link to download a widget for your Android smartphone that links to the VA Veterans Crisis Line. ADA Presentations Jeff Burley, MS, CTRS Higher Ground Sun Valley Adaptive Sports Director

Jeff's extensive background in adaptive sports from clinical to sport instruction dates back to 1995. Yet, even though he's put the time in instructing as well as studying recreational therapy, he's always eager to build his knowledge of the field. Jeff is also eager to share his enthusiasm and expertise. For example, Jeff recently hosted and presented the first-ever, Higher Ground Trout Unlimited, Fly Fishing Train the Trainer event. If Jeff isn't casting a line or skiing with participants, you can find him outdoors with his family enjoying whatever seasonal sport is available at the time or with friends discovering his next favorite microbrew.
