

Call Script – Urge Congress to Oppose Public Land Sales

1. Call your Senators

Call the U.S. Capitol switchboard at (202) 224-3121 and ask for your Senators OR you can find your Senators' contact information [HERE](#) and call their numbers directly.

2. Use the script below when leaving a message on an answering machine or speaking with a staff member.

Hi, my name is [insert name] from [insert your city or zip code].

I am calling to ask that you oppose public land sales in the budget reconciliation bill.

Our shared public lands support countless fish and wildlife species, provide clean, cold water and offer unparalleled outdoor recreation opportunities. Public lands and waters are an essential part of our nation's identity, economy, and outdoor traditions.

As a constituent who relies on public lands for my way of life, I ask that you oppose public land sales in reconciliation. Anglers, hunters, and future generations of public land users are counting on you to support America's public lands legacy.

Thank you.

3. Hang up and ask your family members and friends to make a call.
